

CONVICTION

Eddieb.net

Dear Partners,

June 2017

It has been such a nice break to be home for 10 days before heading out to Nevada, Idaho, and Oregon State. Eddie, Sandi, Bryan, and Garrett will be heading back out on June 12th.

In this month's newsletter, we'd like to highlight on an individual who doesn't get much recognition, but has done a lot of work for the ministry over the years. As a testament of her sacrifice to see our vision come to pass, she's always been the cheerleader that people never see, but monthly, people are affected by what she does. Her name is Jan Williams, and her husband's name is Al.

Jan does all the editing for all of our books, the lyrics for the CDs and all the editing for our monthly newsletter. We met Jan and Al about 10 years ago and they have been faithful to the ministry ever since. They come to our events in Albuquerque, and Al is one of our annual cooks for our missionary meetings. When he's not there, he's missed dearly. We want to say thank you for your service and all that you mean to us.

During these 10 days at home we have been working on getting the plumbing installed in the Discipleship Center. We want to say a *HUGE THANK YOU* to **Michael Finn**, owner of *Plumbing Systems of Conroe* out of Conroe, Texas, and **Celestino Monreal Jr.**, owner of *Hernandez-Monreal Plumbing* in Houston, Texas. You both have been a big blessing. Thank you for believing in the vision to build a Discipleship Center that will be used as a platform to train, support, and raise up Missionaries to win the lost behind the walls in every prison in the United States. Michael is a master plumber and he spent 5 days with us. Celestino sent us a master plumber and 3 journeymen plumbers, who helped finish the plumbing. Thanks to you both, we are now one step closer to opening up Conviction Training Center.

Eddie B. & Michael Finn

Johnny "Black Bear" Leal
John Browner
Raymond Ramirez
Celestino Monreal III

Still Needed for the Discipleship Center:

Master or journeymen electricians and someone who knows grading

We are now ready to move on to electrical heating and the air conditioning. **We are in need of anyone who is either a master, or journeyman electrician and someone who knows how to do grading.** We would be extremely grateful if you prayerfully would consider doing a mission trip to Albuquerque, NM to help us get this work done. We have a main contractor, who only needs some helping hands that have experience.

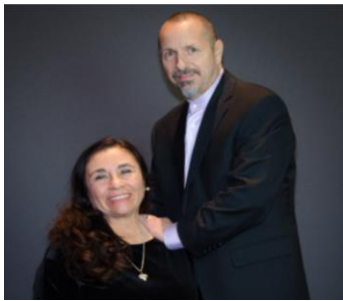

Call Eddie at (505)463-5080

- Construction Trades**
- Carpenter, may include cabinet maker
 - Millworker, drywall installer/lather, flooring installer
